A student may register to audit an A&S graduate level course only with the approval of the instructor. The letter N is recorded by the instructor if the student satisfies the conditions agreed upon with the instructor. All students who audit courses are required to be registered in each course they audit.

This form is proof of an agreement between the student and the instructor to receive the option requested below rather than the standard letter grade option for the course.

It is the responsibility of the instructor to ensure that the final grade issued for each student is a valid grade for the grade option selected. Ideally, this must be made during the first two weeks of the term, but it can occur at any point in the term as long as the instructor agrees.
